

How to make your own plan

Step

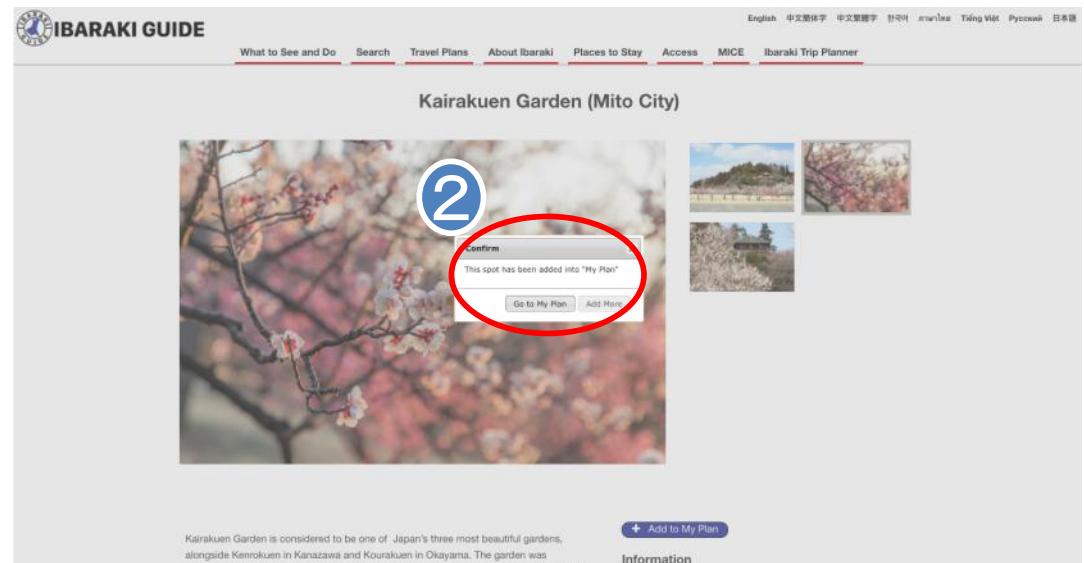

1

Search for places you want to visit

1 Add the spots that you are interested in into "My Plan" (your favorites)

2 This can generate a route automatically by looking at the contents of "My Plan".

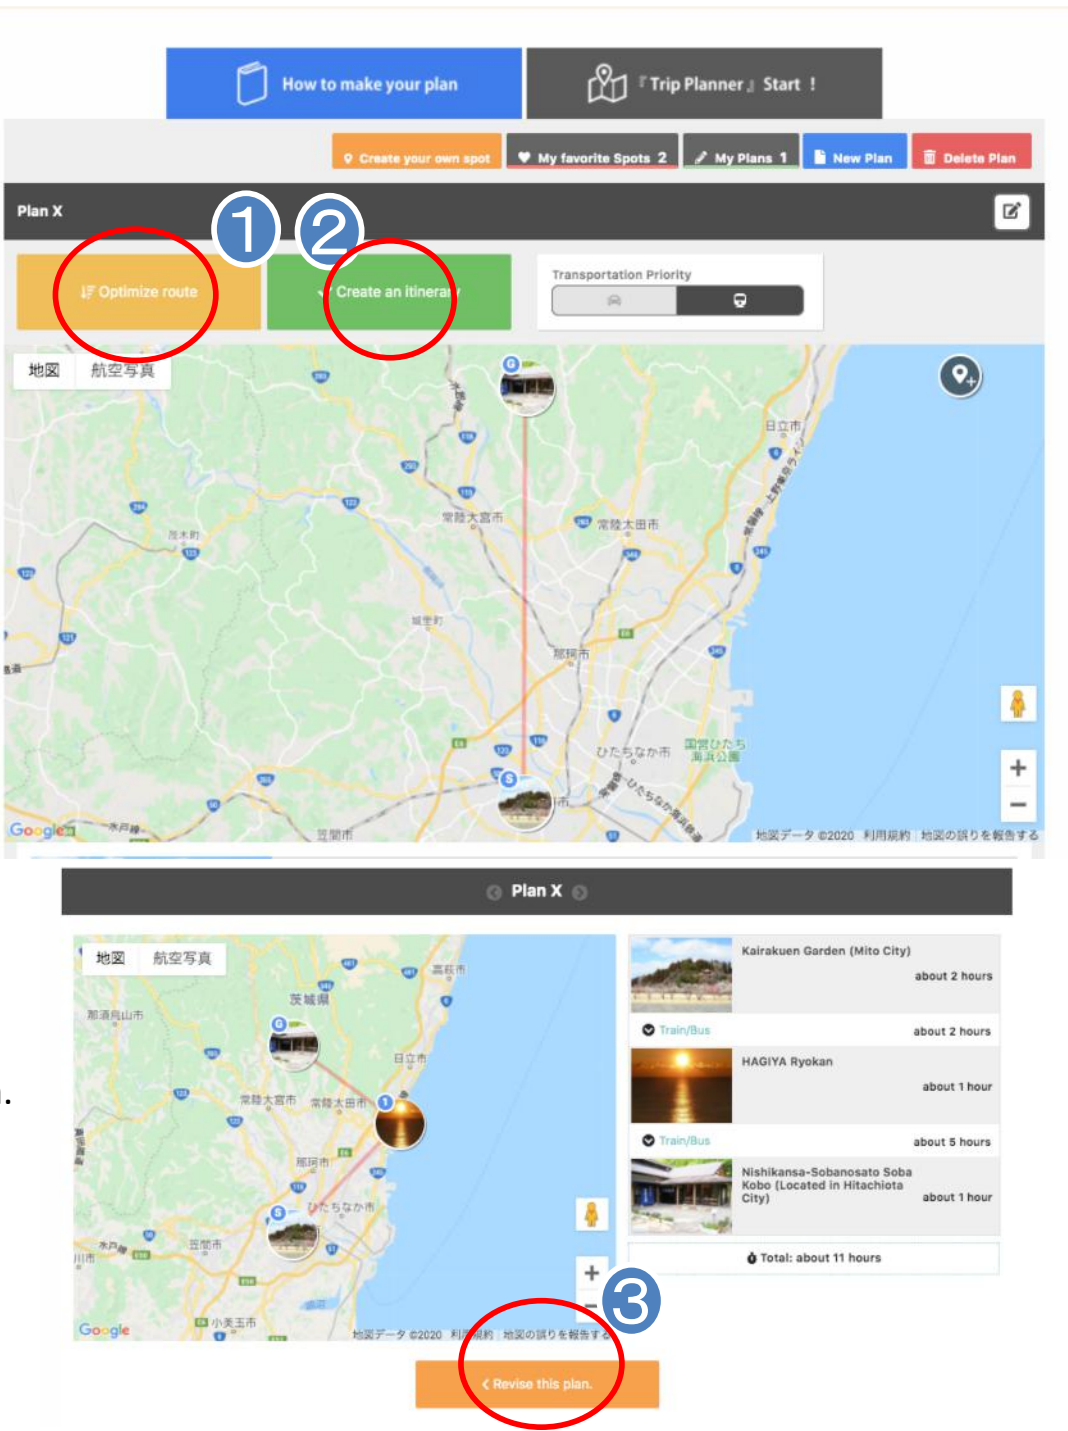

Step 2

Make a Day Plan!

1 Sort in the most convenient order automatically

2 Check the travel route and time by pressing the "Directions" button (travel route by train, car or on foot will be shown).

3 Create route with the "Create an itinerary" button.

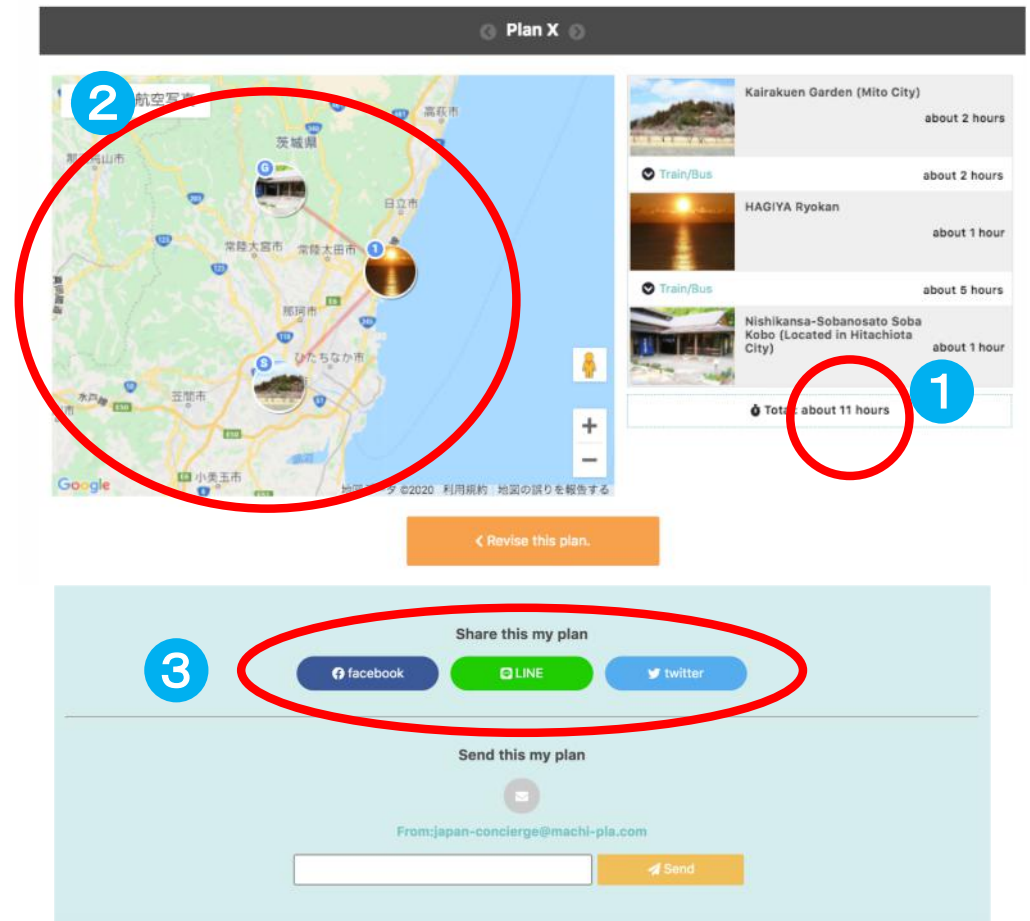

Step
3

Your "MyPlan" original trip has been completed!

1 Show the duration of the route.

2 Display the entire route (on foot or by car).

3 You can transfer the trip you created to your smartphone or to friends by sharing it on social media or entering your email address and sending it.
